The exception is the Medicaid Asset Protection feature.

Other Partnership Policy Features

B. Two Policy Types

- All participating insurance companies must offer a “comprehensive” policy containing nursing home and home & community-based benefits.
- Insurance companies may choose to offer a “long term care facility” policy. This type of policy provides coverage primarily for institutional care.

There are also federally tax-qualified versions of both policy types available.

Other Partnership Policy Features

C. Inflation Protection Feature

- All Indiana Partnership policies contain an inflation protection feature.
- With the inflation protection feature, both the daily benefit and the maximum benefit within the policy increase annually at a 5% compounded rate.

Other Partnership Policy Features

D. Benefit Triggers

- In Indiana Partnership policies, participating companies must use the benefit triggers and definitions selected by the State.
- With all Partnership policies paying out benefits for the same event, it makes it easier for the consumer to comparison shop.

Other Partnership Policy Features

THIS POLICY QUALIFIES UNDER THE INDIANA LONG TERM CARE INSURANCE PROGRAM FOR MEDICAID ASSET PROTECTION. THIS POLICY MAY PROVIDE BENEFITS IN EXCESS OF THE ASSET PROTECTION PROVIDED IN THE INDIANA LONG TERM CARE INSURANCE PROGRAM.

Indiana Partnership Companies and Agents

- Any company can participate as long as it obtains approval from the Indiana Department of Insurance for a policy that meets the Indiana Partnership standards.
- All participating companies offer both traditional long term care insurance policies and Indiana Partnership policies.
- Before an agent can market an Indiana Partnership policy, he/she must have first completed a 7-hour course about the Indiana Partnership Program.
